- (b) Employees who report directly to the CEO excluding any administrative support staff;
- (c) Any holders of "Accountable Person" positions (as defined in the BEAR requirements) and any designated 'Responsible Person' (as defined under G&C Mutual Bank's Fit & Proper Policy but excluding the External Auditor) who is not otherwise captured under (a) or (b) above;

- (d) Any employee who is primarily involved in a senior management capacity in G&C Mutual Bank's Group Risk, Compliance, Internal Audit or Financial Control functions, and who is not otherwise captured under (b) or (c) above;
- (e) Any employee who is not otherwise captured under (a) – (d) above and who receives (or has the potential to receive) a significant proportion (more than 50%) of their total annual remuneration in the form of variable remuneration components;
- (f) Any external (i.e. non-employee) individual or organisation that is contracted to G&C Mutual Bank on terms which may entitle the person or organisation to receive variable remuneration **and** who provides services of a kind which, in the opinion of the Remuneration Committee, could have the potential to adversely affect the long-term financial soundness of G&C Mutual Bank; and
- (g) Any external (i.e. non-employee) individual or organisation that is contracted to G&C Mutual Bank for the primary purpose of providing services relating to risk management, compliance, internal audit or financial control, and in relation to which the total cost of the services to be provided in any financial year exceeds or is expected to exceed \$100,000, but excluding any such contractual arrangement that has been separately and explicitly approved by the Board or/and the Board Risk Committee.

During the year ended 30 June 2023, there were no G&C Mutual Bank employees or external parties who were captured under categories (e) - (g) above. With the exception of the individual employees and designated categories of employees in (a) – (g) above, the Board has delegated to the CEO the responsibility for determining the remuneration arrangements for G&C Mutual Bank employees (including **all** employees who are subject to the terms of the current Enterprise Agreement 2021 – 2024).

## 4. Objectives of Remuneration Policy

The Remuneration Policy is designed to support G&C Mutual Bank's strategic and commercial objectives while at all times ensuring compliance with the Corporations Act and applicable APRA prudential standards.

The main objectives of G&C Mutual Bank's remuneration framework are:

- To attract and retain suitably skilled and experienced employees;
- To minimise the risk of G&C Mutual Bank being exposed to the sudden or unexpected departure of key management personnel;
- To ensure that the structure of employee remuneration supports G&C Mutual Bank's long-term financial soundness; and
- To ensure that any components of variable employee remuneration are consistent with the BEAR requirements and are appropriately structured such that they provide **no incentive** for any employee (either acting alone or collectively with others) to engage in imprudent risk taking.

The Remuneration Policy is reviewed annually and was last reviewed by the Remuneration Committee and the Board in June 2023.

## 5. Variable Remuneration Components: Principles and Approval Procedures

In accordance with the Remuneration Policy and the applicable Employment Contracts, the remuneration arrangements for employees holding the positions described in 3 (a) – (h) above may include a mix of fixed annual remuneration, as well as variable (short or long term) variable remuneration components. The employees holding the positions described in 3 (a) – (h) will be subject to an annual review of performance and, following those reviews, recommendations may be made to the Board Chair and the Remuneration Committee regarding any proposed increase in total annual remuneration, or any proposed payment of a short or long term variable remuneration component, including payment of any discretionary performance bonus.

The remuneration arrangements for the employees in 3 (a) – (h) above may also incorporate, at the total discretion of the Board following a supporting recommendation from the Remuneration Committee, a long term variable remuneration component, but only on condition that:

- (a) The long term remuneration component is specifically designed to promote employee retention over a desired timeframe and to mitigate the risk of the relevant employees departing unexpectedly before that date; and
- (b) The applicable amount is only payable subject to the Board being satisfied that making of the payment will not have an adverse effect on the financial soundness of G&C Mutual Bank.
